Outside 3 Tiny Street, Littletown

What happened? Include any name and address of person responsible if know)

I heard banging and shouting outside, I looked out of my kitchen window at around 11.55 pm and saw Joe Bloggs who lives at Number 3 shouting and kicking his front door. He was shouting to the person inside to open the door. At one point he shouted loudly "open the bloody door". He then picked up a brick from the front garden and threw it at the front door causing the glass to smash. I went to call the police, when I returned to the kitchen window he had been let in the house but I could still hear them shouting at each other. The police arrived about 40 minutes later and arrested Joe Bloggs.

Any Witnesses? (Include name and address if known)

My daughter who was woken up and neighbours opposite (Mrs Davis from No. 4)

Did you contact the Police? Yes No (Log Number if known)

How has it affected you?

The incident is typical of Joe Bloggs. This sort of thing has happened on other weekends. My daughter (aged 9) was woken by the noise.
